

EzyNest

A Tata Steel Product

MODULAR TOILETS

The one-stop sanitation solution

CLEANER BETTER HEALTHIER

Life begins when the basic necessities are fulfilled.

Tata Steel has always pioneered in innovations that help improve life. With thousands deprived of the absolute basic necessity of life - health, Tata Steel decided to put a stop to the main propagator of diseases - unsanitary habits.

Keeping in line with the governments agenda of *Swachh Bharat*, to restore basic hygiene to one and all, Tata Steel launched its wide range of modular toilets - **EzyNest**. These modular toilets are thermally insulated, eco-friendly and are 100% recyclable. They provide a hygienic environment to people, paving a way to stop the spread of various diseases and ensuring basic health for all.
